

## Market Intelligence Update Australian Avocado Exports Weekly to 22 January 2023

This report was developed for AAL from data of the Department of Agriculture Fisheries and Forestry (DAFF) Plant Export Operation for use by the Australian Avocado industry only. This report gives the Australian avocado industry an insight on previous and current year export performance.

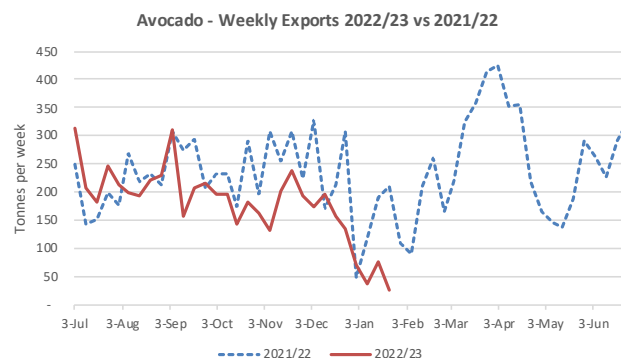

Australian Avocado exports from July to date based on DAFF data were 5,416 tonnes which was 19.6 per cent **below** the same period in 2021/22. Exports in the latest week were 26 tonnes and 88 per cent lower than the same week last year. Hong Kong, Singapore, and Malaysia account for 96 per cent of all exports. Japan has recorded 242 tonnes since July though no trade now since 18 December. Most other markets are showing low and occasional trade. The ABS data for latest 5 months to November 2022 records 4,618 tonnes exported worth A\$24.4m with a unit value of A\$5.28 per kg (Table 3). If this was extrapolated to the annual result the value would be \$57.13m for 2022 subject to final ABS data expected in February.
